10th Annual 20 Minute Cleanup

Individuals, groups of friends, coworkers, students and families are invited to choose a convenient time this April to safely pick up litter around their building, school or neighborhood to see the difference that just 20 minutes can make. Trash and recyclables collected during the project should be disposed of using regular business or residential pick-up. The County encourages all participants to recycle as much as possible. Participation is easy. Do a cleanup and then share your results with the county either via email at 20minutecleanup@howardcountymd.gov or on **LiveGreenHoward's Facebook** or **Twitter** pages. #20minutecleanup can also be included. Include the number of people who participated, how many bags of trash/recycling you collected and any photographs.
