**Health and Wellness Tip for February**

February is American Heart Month, the perfect time to learn about your risk for heart disease and the steps you need to take now to help your heart. Heart disease—and the conditions that lead to it—can happen at any age. Let's

start with ways to prevent and manage hypertension or high blood pressure, a condition associated with heart disease.

- Eat a healthy diet of foods rich in potassium, fiber, and protein and low in salt and saturated fat
- Keep yourself at a healthy weight
- Engage in physical activity. For adults this includes 2.5 hours of moderate-intensity exercise (brisk walking or biking) every week
- Don't smoke
- Limit the amount of alcohol you drink. Men should have no more than 2 and women no more than 1 alcoholic drink(s) a day
- Get enough sleep

This information is provided by the Wilde Lake Health and Wellness Committee. For more information, contact Laura Torres, Chair, at [lmt4941@yahoo.com](mailto:lmt4941@yahoo.com).

**Wilde Lake Staff is Here to Help!**

We're here to help! Members of the Slayton House team are available to assist residents by email and phone (410/730-3987) or in person by appointment.

- For questions regarding exterior alterations, compliance letters or property maintenance issues, contact Carl McKinney, Covenant Advisor, at [covenants@wildelake.org](mailto:covenants@wildelake.org).
