## Howard County Recycling Spring Shredding Event

- **Saturday, April 10th** at "Mini" GreenFest at Howard Community College (Lot B) from 10am - 2pm (or until trucks are full)  
Residents may bring up to three bags or boxes of paper to be shredded. Although these events will have hours, shredding will be available until trucks are full which may occur before designated ending times. Visit our [website](#) for more details.

**THINK BEFORE YOU SHRED!**

Shred **only** documents with sensitive information!

Shredding shortens paper fibers – recycling whole pieces keeps the fibers long, strong, and ready to be made into new paper. Improve recycling by putting non-sensitive papers straight in the recycling bin. It's easy!

**Health and Wellness Tip for April**

April is **National Stress Awareness Month** which began in 1992 to raise awareness on how the effects of stress impact our everyday wellness and what can be done to combat it. The first step in combatting stress is identifying what causes you stress. Some common causes of stress are major illness or injury, financial issues, work-related problems, family issues and societal concerns. This week, take time to pay attention to when you are feeling stressed and try to identify what has caused you to feel this way.

This information is provided by the Wilde Lake Health and Wellness Committee. For more information, contact Laura Torres, Chair, at [lmt4941@yahoo.com](mailto:lmt4941@yahoo.com).
