**CA FY2023 Budget Process**

In an effort to be more transparent about this important budget process, we want to make sure everyone understands the opportunities to engage with CA's Board of Directors. The Board is responsible for reviewing, refining and ultimately approving the budget for the upcoming fiscal year.

You're welcome to participate at any point throughout this process, including the Board meetings mentioned below. There are also new ways to get involved on a deeper level that are highlighted in this timeline. All of the meetings will be hosted virtually and recorded for easy access.

**Walktober 2021**

Join the Howard County Local Health Improvement Coalition (HCLHIC) and local partners for a month of walk/move events called Walktober2021, a celebration of our State's official exercise and a call to action to promote walking for improved health for residents of all ages and abilities. Find more

information about the HCLHIC [here](#)

Please note that the HCLHIC will not be hosting these events, but is promoting partner walk/move events to the community. For more information about Walktober events [click here](#)

### American Rescue Plan (ARP) Funding

Howard County will be receiving \$63,261,464 directly from the US Treasury, with half of the funds distributed during the current fiscal year (\$31,630,732) and the remaining half to be distributed a year after distribution of the first half of ARP funding. The fund expenditures must be obligated during the period that begins on March 3, 2021, and ends on December 31, 2024 with all work completed and funding spent by December 31, 2026.

To better understand the ongoing needs of residents and businesses, and as part of the process to determine the best way to use those funds to assist in recovery and invest in the future, the County is seeking input from those who live and work with Howard County.

Please take the following survey so that your opinion can be used to help determine the best way to allocate the County's ARP

funding: [https://services.howardcountymd.gov/hcportal?id=sc\\_cat\\_item\\_311&sys\\_id=2eb468901bbe3090b24c8734604bcb3d](https://services.howardcountymd.gov/hcportal?id=sc_cat_item_311&sys_id=2eb468901bbe3090b24c8734604bcb3d)

### Undesign the Redline Exhibit

This exhibit, presented through the Howard County Library, is a framework for unearthing our most deep, systemic and entangled crises. This interactive exhibit, workshop series and curriculum explores the history of structural racism and inequality, how these designs compounded each other from 1938 Redlining maps until today, and how WE can come together to undesign these systems with intentionality.

The exhibit travels nationally to cities, towns and communities to learn together, activate and mobilize us into a strong "WE" capable of transformation. To learn more [click here](#)

### Reopening of the Bernice Kish Gallery at Slayton House!

### **Health and Wellness Tip for October** ***October is National Breast Cancer Awareness month***

- The goal of screening tests for breast cancer is to find it before it causes symptoms (like a lump that can be felt). Screenings, which include tests and exams, can detect cancer in people who don't have any symptoms.
- Breast cancers found during screening exams are more likely to be smaller and still confined to the breast.
- These guidelines for women with no history of breast cancer or genetic predisposition are as follows:
- Women between 40 and 44 have the option to start screening with a mammogram every year.
- Women 45 to 54 should get mammograms every year.
- Women 55 and older can switch to a mammogram every other year, or they can choose to continue yearly mammograms. Screening should continue as long as a woman is in good health and is expected to live at least 10 more years.
