- Weight – the more fatty tissue you have the more resistant your cells become to insulin

- Inactivity – the less active you are the greater your risk
- Genetics – family history of Type 2 Diabetes
- High blood pressure
- Over the age of 45
- Are Native American, African American, Asian American, Hispanic/Latino, Pacific Islander
- For more information on type 2 Diabetes and how to prevent it, visit: <https://www.niddk.nih.gov/health-information/diabetes/overview/risk-factors-type-2-diabetes>

The Howard County Office of Transportation and the Downtown Columbia Partnership are joining together to present Cranksgiving 2021, a local food drive and family biking event, on Nov. 13, from 10 a.m.-1 p.m. Cranksgiving is a national initiative dubbed “a food drive on two wheels.”

The event is designed to provide active recreation for local residents, raise awareness about the county’s bikable pathway system and generate food items for individuals and families served by Grassroots, Howard County’s 24-hour crisis intervention center and shelter for people who are homeless.

Registered participants will bicycle from their homes to the Cranksgiving 2021 drop off site at Azlon Plaza in the Merriweather District of Downtown Columbia, picking up food items along the way at nearby grocery stores. A variety of route options will be provided for bicyclists.

Grassroots is in need of canned fruit, chicken, tuna, Chef Boyardee, Spaghettios, chili, chunky soups, Dinty Moore beef stew, baked beans with meat, Libby’s corned beef, Vienna sausages, and Spam and peanut butter and jelly.
