Re: President and CEO Lakey Boyd - Support

Dear Columbia Association Board Members,

Wilde Lake Community Association has voted to unanimously support Lakey Boyd in her current role as Columbia Association President and CEO.

Ms. Boyd is recognized as the face of the “new” CA and has become the trusted representative of the corporation. She interfaces with our residents, attends local school, business and nonprofit organization functions, events, and meetings. She seeks relationships with business owners, entrepreneurs, community leaders and open space users.

Ms. Boyd converses with students and parents at educational facilities in our village. The interaction leaves students, teachers, staff, and community members aware that someone is listening to them. She exhibits professionalism, steadfast leadership, and is willing to have a team member research and return analysis and feedback. Ms. Boyd can also be seen as a change-maker because she has taken next generation technology and communication that meets residents where they are. Interaction is easy, frequent, and reliable.

We believe Ms. Boyd embodies the values of Columbia and delivers value to Columbia via her effectiveness and efficient use of staff, tools, and resources.

Wilde Lake Community Association became aware of the October 27, 2022, Columbia Association Board of Directors meeting and is concerned about any possible removal of Lakey Boyd from her position without having served her contract term.

We support Ms. Boyd in her role as the President and CEO of Columbia Association.

Sincerely,  
Wilde Lake Village Board
