

Candidate Statement – Francis Uy

My name is Francis Uy, and I am asking for your vote to be the Wilde Lake CA Board Representative. I have lived in Columbia since I was a child, attended the public schools here, and chose to raise my own family here as well. I love the resources and amenities provided by CA, at a scale not seen nearly anywhere else in the US.

Over the last few years, large corporate developers have increased their efforts to influence CA decisions through board elections. I have spent years fighting against such donors in governmental elections, and I was appalled by the unprecedented amount of dark money they spent here in 2021. Although not a government, CA still needs good governance to protect the needs of current and future residents, providing transparency and the best possible service without raising assessments.
