Covenant Enforcement in Wilde Lake

Are you worried about the state of a home or yard in your neighborhood? Dreading a potentially awkward conversation with a neighbor? WLCA is here to help. We depend on observant residents to help us maintain Wilde Lake's high aesthetic standards. Here are a few notes about how the covenant enforcement process works in our village:

- Have a concern? Call or email Lexi Levy Milani, covenant advisor. All inquiries remain 100% confidential.
- Lexi will visit the property to determine what violations, if any, exist.
- Violations will be documented in a letter sent to the property owner's official mailing address as shown in state taxation records. Owners have 30 days to contact Lexi.
- If no contact is made, Lexi reinspects the property after the 30-day period has ended and sends another letter if necessary. Owners are given another 30-day period to remedy the situation.
- At the 60-day mark, the matter may be escalated to the Wilde Lake Village Board to take further action.

The process is built to encourage compliance and allow property owners ample time to correct any violations. It may not be speedy - but it is generally quite effective. We appreciate your assistance in keeping Wilde Lake a lovely place to live!

You can contact Lexi Levy Milani, covenant advisor, at 410-730-3987 x 16 or via email to covenants@wildelake.org. Covenant information and forms are always available at <https://wildelake.org/covenants>.

June Health & Wellness

JUNE is
**MEN'S HEALTH
MONTH**

How To Observe National Men's Health Month

It's time to spread the word about the many preventable health problems men face and empower them to take steps toward a longer, healthier, and happier life. The [men's health statistics and facts](#) speak for themselves.

- Men are more likely to put their health at risk by smoking, drinking alcohol, and making other unhealthy life choices.
- One in two men are diagnosed with cancer in their lifetime.
- Men lead the death rate for cancer, heart disease, diabetes, and suicide. The purpose of Men's Health Month is to change those statistics by focusing on prevention through regular check-ups, nutrition, and exercise.
