

## Candidate Statement: **Bill Santos**

I want to thank all the Wilde Lake residents who participated in over 50 open, public meetings that I held this year. My work with you and the Village Board has enhanced our community and made CA a better organization. As your representative on the CA Board, I've actively participated in passing a landmark Ethics Policy, hiring a new CA President, and crafting a new strategic plan. I also took a leadership role in the budget process, ensuring that your lien dollars were put to good use. In Wilde Lake, CA funds were used to install a new, dynamic tot lot on Open Sky and to replace hundreds of feet of pathway in Bryant Woods. I ask for your vote this year to allow me to continue improving CA policies, programs and services, and investing your dollars in capital improvement projects that continue to meet the needs of our village.
